- 🏆 Project assistance for providing shelter for homeless children
- 🏆 I've written a mini research paper about the negative effects of social media on youth's mental health

Communication Teamwork and Critical thinking

Time management Problem solving Planning

A donut chart illustrating the distribution of time for a person with a full-time job. The chart is divided into five segments, each representing a different activity. The segments are labeled as follows:

- Daytime job**: The largest segment, colored light pink, representing approximately 40% of the time.
- Sleep**: A segment colored light pink, representing approximately 30% of the time.
- Gym**: A small segment colored red, representing approximately 10% of the time.
- Social time**: A small segment colored red, representing approximately 10% of the time.
- classes**: A small segment colored red, representing approximately 10% of the time.
